FLUSH OUT

Medical authorities agree that your kidneys contain 15 MILES of tiny Joes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes and dizziness.

If kidneys don't empty 3 pints a day and so get rid of more than 3 pounds of waste, poisonous matter may develop, causing serious trouble. Jon't wait Ask your druggist for DOAN'S PHLLS, which have been used successfully by millions of people for over 40 years. "D'j'ever see the like? Anything goes!" Charles Ruggles and Grace Bradley, stars of Paramount's

forthcoming laugh-producer, "Anything Goes", find that anything does go-immediately-if it's a car fueled with Standard's new double-quick-starting gasoline.

DERHAPS this illustration does go a bit strong in picturing the faststarting qualities of Standard's new winter gasoline. But we do it that way with a purpose. We want you to get the idea that there is something out of the ordinary in those Standard Red Crown pumps this winter-because that is a fact.

It's a new winter gasoline-by all odds, the fastest-acting gasoline in Standard Oil's history-without the drawbacks which so often go with fast-starting characteristics.

You'll really get that cold motor of yours under way in a hurry, if you give it this Double-Quick Live Power. It clicks with the first flash of the spark. And then it gives you fully 35% greater warm-up speed, even in zero temperatures-which means a bigger saving on mileage. We predict you'll find it the best insurance against cold-starting troubles you've ever had. Get some of this new Standard Red Crown now . . . and SEE WHAT HAPPENS next time you step on the starter!

> Sold by Standard Oil Stations and Dealers everywhere, at the price of "Regular" gasoline

Also - SOLITE with Ethyl, Standard's superlative new high-anti-knock gasoline - slightly higher in price, and worth it! Ask the Serviceman.
